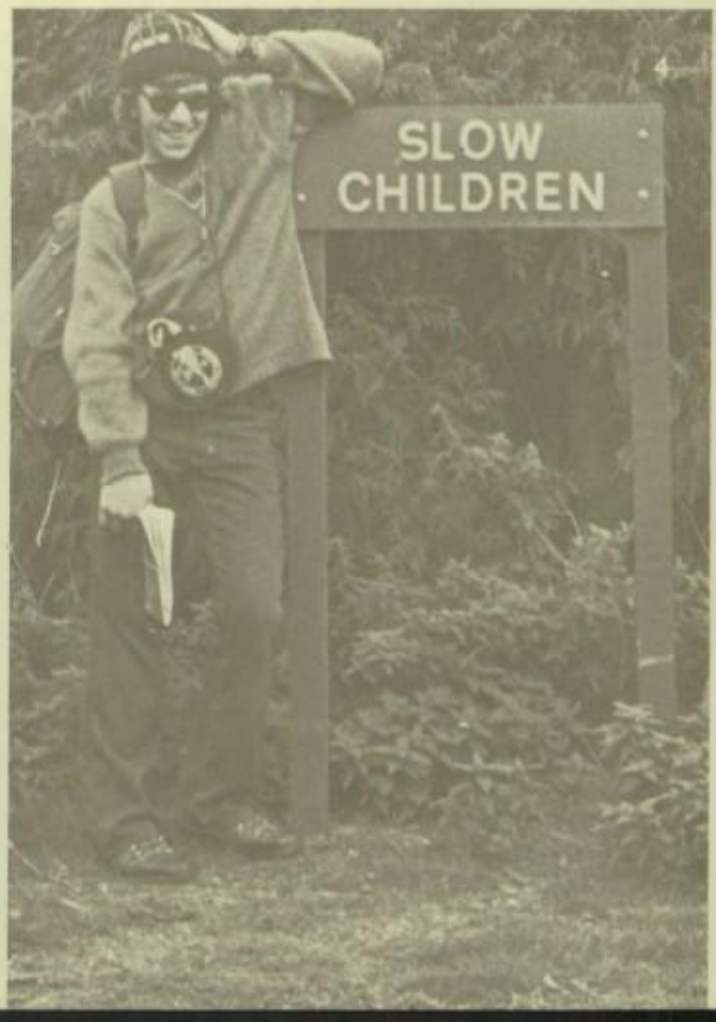
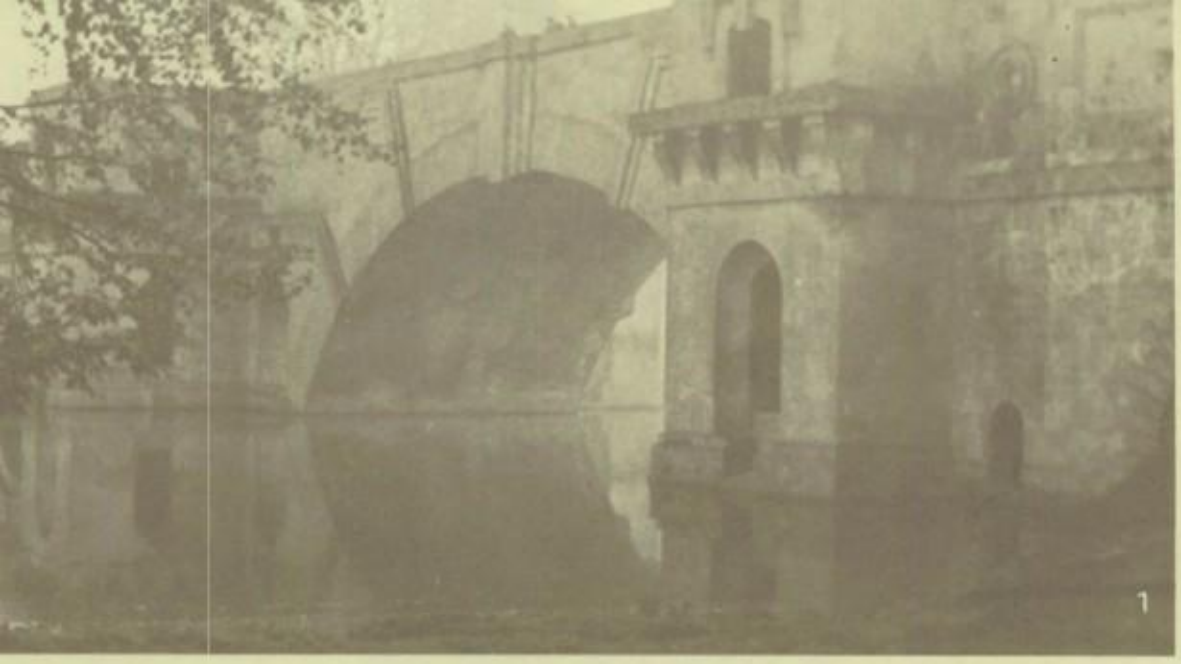
The 1976 Outward Bound group from Woodbridge certainly gained the limelight! After a month training period, the group lost their bearings on Mt. Snowdon during heavy fog, they remained stranded on a ledge until help arrived in the form of a rescue team. Newspapers were ablaze with headlines of this group's exploits. Everyone returned safely to Woodbridge and families were able to sigh in relief. That experience will surely be remembered by all participants for many years to come





The England Trip '76 visited Cambridge, Oxford, Stratford-on-Avon, Bath and Stonehenge. The group went for four days in November and stopped off at major points and sites of interest.

1. Bridge in Bleinheim Palace Gardens.
2. Laura Mitri and Artie Scott shopping during some free-time in Stratford.

Model United Nations

Each year students come from all over the world to attend the Model United Nations in the Hague, Netherlands. This was WHS's third year to participate in the MUN. We represented the United States and Guinea. Delegates to the MUN must demonstrate a thorough knowledge of their country's role in international affairs and parliamentary procedure.

1. The U.S. Delegation: Colette Porasky, Nelson Bishop, Sharon Seligman, Maureen Miller, Alicia Croston, Jeff Rochelle, Kevin Williams.
2. The Guinea Delegation: Deede Aslanis, Beth Greene, Sherri Burckhard, Ron Farnsworth, George Collier, Diane Hughes.

Modern Dance Group

This was the first year WHS had a Modern Dance Club. Ms. Johnson organized the club and decided to stage a Talent Show. The show consisted of piano solos, pantomines, excerpts from "A Chorus Line," a judo exhibition, and modern dancing. The Talent Show was staged for only one night and all the tickets were sold. Parents, students and teachers made up the audience; everyone agreed that it was a spectacular show.

1. Gaye Daniels and Carol Plecenik dancing to the song"One Singular Sensation," from Chorus Line.
2. Modern Dance Group during practice.
3. Cathy Roberson, Carol Plecenik, and Michelle Lange concluding "Stairway to Heaven."
4. A Shot of the group practicing "One."

Pie Contest

The Junior Class organized the Popularity contest and staged the results in front of 300 students during a Friday assembly. There were three categories in the contest-The Most Popular, The Smartest, and The Biggest Flirt. Each class nominated three guys and three girls for each category; for two weeks the school voted with money on the nominees. The results were: Smartest-Jim Aslanis; Biggest Flirt-Darren Love; Most Popular-Othal Frazier. The winners were then called on stage and received a chocolate cream pie in the face.

1. A pie for one of the nominees -the others laugh, but their turns are to come!
2. Jim Aslanis after his "prize."
3. The contest backfires as Deanne Dortch receives a pie of her own.
4. Jim braces himself as Deanne awards him with a pie.
5. Othal Frazier grimaces in readiness as Deanne prepares her assault.

The Matchmaker

THE MATCHMAKER, by Thorton Wilder, follows the attempts of Dolly Levi, a lively, charming, meddlesom widow, to find a suitable bride for Horace Vandergelder, a wealthy but miserly merchant of Yonkers, New York. There are several subplots, including: the engagement of Mr. Vandergelder's niece, to Ambrose Kemper, an artist of little fame; the adventures in New York City of Mr. Vandergelder's chief clerk and apprentice, Cornelius Hackle and Barnaby Tucker; and Mr. Vandergelder's own engagement to Irene Molloy, a millineress bored with her "hatshop life." The play was actually meant to be staged in December but many problems arose. The costumes did not arrive on time, three spotlights burned out, and Brandon Watterson refused to give up his Adidas.

My Shoes

My shoes are white for the white people in this world. My shoes are black for the black people in this world. My shoes have strings that hold them together like people have feelings that bring them together. And they have silver rings that shine like a persons character. Trust has many forms. There's trust in teachers; we trust our teachers to educate us. We trust our parents to tell us what's wrong and right and bring us up well in life. And there is our government to keep our country going and out of trouble and if in trouble, get us out. Most of all, we trust our friends to keep little secrets that we want to tell to someone. It makes you feel good to know you can trust some people.

What Friendship is

Friendship is . . . something you should have and hold,
It's something you should never leave out in the cold.
Friendship is . . . a thing that can't be shared only in a ring.
Or in something you can sing.
Friendship is . . . having someone that's true.
Yes, someone that would be kind and good to you.
Friendship is . . . something you should have day by day,
Because you should love your friend in every way.

WHY I LIKE FOOD

I like food because there is so much variety in it. Supper time is my favorite eating time of the day. I like it better when my dad isn't home so I can gorge myself silly without him telling me to slow down. Even though it is very impolite, it is a lot of fun to flick peas or something like that at my younger brother or sister. The real reason I like food is because there's plenty of things to do with it besides eat it!

SPORTS

Woodbridge produced two remarkably improved football teams during the 76 season. The Varsity team moved into second place in the District One Table with a 3-2-1 record. The season began with Lakenheath and a disappointing score of 0-32. This loss sparked the Warriors into action and their next game was a tie with London Central (14-14) followed up by a 14-6 win over Upper Heyford. Then came the re-match with Lakenheath; a much-improved team met the Lancers but narrowly missed success by three points, leaving the score at 19-22. The Warriors ended the season with two wins over London Central and Upper Heyford. In two seasons of football the Warriors have made their presence felt in England. The Junior Varsity team was unbeaten and unscored against, thus shooting into second place.

Woodbridge is one of the three-and-a-half thousand high schools around the world that has established a Thespian Society. Students become Thespians by earning points for meritorious work in all aspects of theatre arts such as: writing and producing, business management, public relations and stage crew- all produce well-rounded Thespians who profit immeasurably from this society.

Newspaper

Under the watchful supervision of Mr. Cohen, the "Reservation Review" published four popular editions. The efficient staff was also able to sponsor the Sadie Hawkins dance. Writing, proofreading, and layout were part of the duties assigned to each staff member; the group was always able to produce professional editions.

Yearbook Staff

A small, but efficient, staff created Reflections 76-77. It wasn't an easy experience...

1. Jim Aslanis and Jo Petkovyat were the Editors of the Yearbook.
2. Deede Aslanis worked diligently on all aspects of the annual including layout, copy, and business.
3. Annette Luckachovsky was Junior Class Editor.
4. Ms. Curran was the Yearbook advisor.
5. Terry Gaydon, Kathy Davis, and Eve Wohnsigl were the 8th Grade Editors.
6. Cherri Choate was Seventh Grade editor.
7. Laurie Wright, Deede Aslanis, and Karen Gaul were the men Editors.
8. Pat Fowler worked on the Organizations and Business staff.

2. The Business Staff earned money through different activities. The staff includes: Debby Roseman, Deede Aslanis, Steve Kohnert, Terry Gaydon, Lynn Landis, Ann Hathaway, Penny Keeler, Kathy Davis and Eve Wohnsigl.
3. Ms. Karpinen was the brave Business sponsor who earned in excess of $7000.
4. Sabrenna Brennan was a hard worker for the Business staff.
5. Jim Gould was one of our main photographers. Ms. Curran and Steve Hile also contributed a lot of time and effort in taking pictures.

Yearbook Business

The Yearbook was primarily put together by its two Editors and Sponsors. Probably because this is a year long effort, it involves more people than any other school activity. It also involves more money to be earned by its staff through sales of books, ads, brownies, pancakes and a dance. The biggest problem we had was getting photographs printed. We'd like to thank all of the people who helped produce this book and all of you should thank Jo and Jim.

Student Magazine

Creative Writing from students, grades seven through twelve, graced the pages of our own student magazine, edited by Artie Scott. An important advertisement for writing improvement, these pages shouted success in free verse, rhyming poems, short stories, and other efforts in prose.
3. Staff: Meg Greene, Ray Crawford, Mandy Johnson, Steve Kohnert, Cindy Wilkson.

Student Council

Student Council- a group of students elected by the students for the students...

Woodbridge's second student council has channelled its paws into three areas: Planning activities for students, such as Homecoming and buses to away Varsity games; coordinating activities for other organizations; and representing the students for the faculty.

This year saw a totally changed course. Due to an ever-increasing interest in Cinematography, the class size was enlarged. "Process of Elimination" by Joel Hile, and "I'd rather burn" by James Sudderth, were entered into the Norwich Competition where they placed First and Second. Three films were also entered in the London Amateur Film Festival. A horror movie, a rock film, and two satires were only a few of the original ideas that gained the class a better and larger audience.
